英文小達人，今天，我要為大家播報的內容，是 **A Weekend to Remember**

When I graduated from elementary school, my parents decided to send me a gift in order to celebrate my first turning point. As a special gift, my parents took us to a country side. The trip was interesting but scary.

We went camping in a small village. First, we took a long bus ride to a lake in a country side. There we put up our tents and set a fire to keep us warm and cook food on. On the first night, we just sat under the moon and told each other stories. But I was so tired that I went to sleep early.

The next morning, my brother and I got a terrible surprise. When we looked out of our tent, we saw a big snake sleeping near the fire. I was so scared that I couldn't move at all. We shouted to our parents to let them know our danger. My father started to jump up and down in the tent. This woke up the snake and it moved to the forest near the lake. My father told me that snakes don't have ears but can feel things moving. He also told me it was important not to go near a snake.

This taught me a very useful lesson. It was a thrilling trip! Until now, I still vividly remember the feeling of the original. How interesting it is.

Thanks for your listening. See you next time.
