

## Cars Passing the School

播出時間：2020 / 10 / 7

星期三 中午 12 : 00

英文小達人：802 陳政揚

編輯老師：陳思恩老師

各位老師，各位同學，大家午安，我是 802 陳政揚，我是今天的英文小達人，今天，我要為大家播報的內容，是 **Cars Passing the School**

Two students wanted to do a report on traffic around the school. For the report, they decided to count the number of cars driving past the school during the day. It took the students two weeks to collect the information for their report. They had to get help from other students to count the cars during their free time at school.

In the report, the students found most of the traffic was early in the morning or late in the evening. In the morning, parents came to school to drop off children. In the evening, many people were coming home from work or going to other places. The teacher thought the report was very interesting. She gave the students a good grade.

Thanks for your listening. See you next time!
