

# A Call to Protect the Earth

播出時間：2022/ 9/21

星期三 中午 12：00

英文小達人：806 林榆芸

編輯老師：陳思恩老師

各位老師，各位同學，大家午安，我是 806 林榆芸，我是今天的英文小達人，今天，我要為大家播報的內容，是 A Call to Protect the Earth

Every year on April 22, Earth Day inspires new energy and motivates people worldwide to support environmental protection. This year, the theme is “Invest in our planet,” a call to act boldly, innovate broadly, and implement equitably to protect the earth. It aims to bring everyone together, including the businesses, government, and citizens to solve the climate crisis and make a sustainable future possible.

There are many campaigns in the community that you can get involved in to protect our earth. To reduce waste and plastic pollution, the great global cleanup is a campaign to remove trash from neighborhoods, beaches, trails, and parks. The Canopy Project works to improve our environment by planting trees across the globe. It is one of the cheapest ways of taking CO<sub>2</sub> out of the atmosphere to tackle the climate crisis.

Individuals can also make a difference by taking action in our daily lives—small acts, such as wasting less food and supporting local farmers, walking and biking instead of driving a car. Moreover, avoid single-use plastics products, keep trash out of oceans, and help keep our planet clean. Every day is Earth Day!

Thanks for your listening. See you next time!
